PROFESSIONAL SUMMARY

Full-stack developer and M.Tech candidate with hands-on experience building and deploying web applications using JavaScript and Python. Strong foundation in React, backend API design, and database systems. Experience developing real-world projects with a focus on reliability, performance, and clean architecture. Interested in solving practical problems and contributing to end-to-end product development.

TECHNICAL SKILLS

Languages	JavaScript (ES6+), Python, SQL, HTML, CSS
Frontend	React, Responsive Design, DOM Manipulation
Backend	Node.js, Express, Django, REST API Development
Database	MySQL, Database Design, Transactions
Cloud	AWS (EC2, S3, VPC, IAM)
Tools	Git, GitHub, Linux/Bash

EDUCATION

Jawaharlal Nehru Technological University Hyderabad — 2024 – Present
M.Tech in Computer Networks and Information Security — CGPA: 8.53

Sree Chaitanya College of Engineering, Karimnagar — 2020 – 2024
B.Tech in Computer Science Engineering — CGPA: 6.92

WORK EXPERIENCE

Web Development Intern — Oct 2025 – Dec 2025
Proxenix — Remote

- Developed responsive web interfaces using HTML, CSS, and JavaScript with focus on cross-browser compatibility.
- Built and maintained frontend features, improving usability and consistency across devices.
- Collaborated using Git and participated in code reviews and iterative development cycles.

PROJECTS

NexusCode – Developer Collaboration Platform nexuscode.in

- Built a full-stack web platform supporting collaborative development workflows using React and Node.js.
- Implemented real-time features using WebSockets and integrated an in-browser code editor.
- Designed backend APIs and database schema with role-based access and multi-user support.
- Deployed and tested the application in a live environment.

GrandCruise – Car Rental Web Application

- Developed a full-stack application using Django REST Framework and MySQL.
- Implemented booking logic with validation to prevent conflicting reservations.
- Designed REST APIs with authentication and structured data handling.

AWS Study Guide App – Mobile Application

- Built a React Native app with flashcards, quizzes, and search functionality.
- Implemented local caching for reliable performance in low-connectivity environments.

CERTIFICATIONS

- AWS Certified Cloud Practitioner (CLF-C02) – 2025
